TITANX™

Every plank of a Pergo laminate floor is covered with our patented TitanX™ technology, which means it has high resistance to wear and scratches.

This superior top layer ensures those high traffic areas like kitchens, hallways and living rooms are well protected.

WATERPROOF

BECAUSE LIFE'S TOO SHORT
TO WORRY ABOUT WATER

All Pergo laminate floors have AquaSafe, our in-house developed technology that creates a sealed, 100% watertight* surface all the way down into the bevels, preventing water from penetrating the floor. It simply stays on the surface and you can easily wipe it away.

NATURAL ON A WHOLE OTHER LEVEL

SENSATION FLOORS - SEE AND FEEL THE
DIFFERENCE

With Pergo Sensation laminate (Odense and
Visby), you won't believe it's not real wood.
It offers the look of nature with authentic shades
and grains, combined with a deep tactile
structure and a warm, matte finish.

- Deeper, more authentic structure
- Waterproof 4-way genuine bevel with extra
natural look
- Matte finish for a sophisticated feel

Deep, authentic, and tactile
structure, finished with a
matte surface.

4-WAY GENUINE BEVEL

The wood pattern on the floor
extends into the bevels, creating
a smooth, harmonious look.

4-WAY OPTICAL BEVEL

The floor collections with an optical
bevel (Drammen) create the illusion of
a small bevel, an effect that appears
either distinct or subtle depending on
the viewing angle.

OUR COLLECTIONS

Scandinavian never goes out of style. The same goes for functional design. Our complete range of Pergo laminates delivers just that. Whether you want the high-quality feel of Odense's long planks, the classic look of Drammen or the authenticity of Visby, there's a floor to fill your every need.

And all of them are designed to be durable and have a completely waterproof surface. These are the reasons why Pergo laminate floors have become true representatives of Scandinavian functional design. So your kitchen, hallway, bedroom or living room is a pleasure to come home to. Always.

YOUR FLOOR – FINISHED IN STYLE

Choose from our wide range of accessories to give your interior that perfectly finished look and feel. From seamless transitions to stairs or walls or silent underlays to improve your comfort. Details make perfection.

UNDERLAYS

Make a great floor greater. Underlays increase walking comfort, improve your room's acoustics, avoid creaking noises, support the click system and protect floors from rising moisture. They can be combined with underfloor heating or cooling too.

PROFILES

Hide those saw cuts and give your floor room to expand with profiles. Create a smooth transition with the colour matched Incizo® profile.

ALL YOU NEED TO INSTALL, FINISH AND MAINTAIN YOUR FLOOR

A laminate floor is more than the planks you walk on. It's a complete home decor solution. That's why Pergo also offers a full line of accessories. Everything you need for trouble-free installation, finishing and maintenance.

1. UNDERLAYS

Enjoy walking on quiet floors without creaks? Choosing the right underlay can improve your living comfort significantly.

2. EXPANSION PROFILES

Floors in connecting rooms melt together thanks to a colour matched expansion profile. Read about our Incizo® 5-in-1 solution on page 19.

3. ADAPTER & END PROFILES

An elegant way to make a transition when laminate floors meet other surfaces. Use an end profile between laminate and windows and an adapter profile between laminate and lower floor surfaces. Available in our Incizo® 5-in-1 solution.

4. STAIR NOSING

Pergo's flooring is an excellent choice for staircases. Stair covers provide an elegant finish to each step. Various stair finishes are possible. Available in our Incizo® 5-in-1 solution.

UNDERLAYS

CHOOSE THE UNDERLAY THAT'S RIGHT FOR YOU.

1. Decide where you want to install the underlay. Our underlays give you excellent sound insulation. Walking sound reduction shows you how much sound is reduced in the room. Impact sound reduction indicates how much sound is reduced to the rooms below.
2. Check your subfloor: is it wood or concrete?

COMBI-LAY STANDARD

Combi-Lay Standard is no normal underlay. The dense, closed cell polyolefin foam provides excellent support, with good reduction of both reflected and impact noise.

HOPEFULLY, WE WON'T SEE YOU AGAIN FOR A LIFETIME

It's not that we don't love or appreciate you, as we very much do. It's just that for greater sustainability, we all need to buy less and demand more of the products we use. Our floors are crafted to endure – from the moment they're installed into your home, for a lifetime.

BUY FOR A LIFETIME

We are so confident in the durability of our floors that they come with a lifetime warranty*. Which is good for both you and the environment.

CHOOSE ECO-CERTIFIED

All our laminate floors are certified with the prestigious EU EcoLabel and Nordic Swan Ecolabel. Actually, we were the first ever to be awarded the latter for a floor – all the way back in 1995.

JOIN OUR LOVE OF WASTE

We make the core of our laminate floor out of recovered wood. We've also developed a technique to recycle HDF boards at the end of their life, making our laminate floors fully recyclable. Just like all our floors.

WE PUT WASTE IN OUR FLOORS

WE PUT WASTE IN OUR FLOORS

We really, really dislike wasting resources, which is why the HDF (High Density Fibreboard) in your breathtakingly beautiful Pergo laminate floors are made from recovered wood. A waste product we get from sawmills, roadside maintenance, and similar sources. We are also the first in the world to be able to recycle HDF boards, making our laminate floors fully recyclable.

TOUGH FLOORS FOR ROUGH PLAY

Pergo laminate floors are designed for a lifetime of use – and are literally ready for whatever life, or the kids, throws at them. We make our floors tough and hardwearing for two reasons. First, we don't want you to have to worry about your floor keeping up with you and your family. Secondly, products with an extended lifespan have a reduced impact on our planet's resources.

LIFETIME WARRANTY*

As if the incredible durability of a Pergo floor wouldn't be enough – each floor also comes with a lifetime warranty. Yes, that's quite amazing. We want you to rest assured that your Pergo floor will stand by you, no matter what life brings. While also reducing our environmental footprint, as the floor's lifespan extends way beyond the ordinary. Directly contributing to less consumption and waste and paving the way to a more sustainable future.
