

PERGO®

WOOD

FLOORS FOR REAL LIFE

At Pergo we build strikingly beautiful, extremely hard-wearing floors. No shortcuts, no compromises, just the best in Scandinavian function, design and engineering. We invented laminate flooring and in fact, we've been innovating floors that have gone from strength to strength since the 1970's. Floors that are easy to install and maintain. And with one of the widest ranges around in wood, vinyl and laminate, you're sure to find the perfect one for you.

Come in and look around.

GOTLAND W4027-05344 MAHAGONY OAK

04

WHY PERGO WOOD FLOORS

So many reasons to choose Pergo. You can enjoy a worry-free Pergo wood floor for many years to come.

06

STAYCLEAN AND **STAYCLEAN+**

Tough floors that just got tougher. New StayClean+ Aquasafe technology gives your floor unique protection from liquids for up to 72 hours. From red wine spills to red-hot chilli stains to water, your floor will keep its good looks regardless.

10

DURABLE. NATURALLY.

We produce our wood as sustainable as possible so we can continue to enjoy beautiful things from our planet.

12

OUR COLLECTIONS

From soft light tones to warm dark nuances, there's a Pergo wood floor that's perfect for you.

42

ACCESSORIES

Everything you need to install your wood floor and keep it looking its best throughout its lifetime. Choose matching profiles for that stunning finish.

StayClean+ and Aquasafe, a new advanced protection that keeps your floor worry-free and the surface watertight* – even if water is lying on the floor for up to 72 hours.

WHY PERGO WOOD FLOORS

There's nothing more warming than the feeling of natural beauty under your feet from a wood floor. It's pure. Welcoming. Wood floors are timeless, elegant, understated, yet let you come home to a "wow" feeling.

And when you invest in a Pergo wood floor you know you're buying class that outlives trends.

Pergo wood floors are all about wood without worry. They're tough, durable and easy to clean, thanks to Pergo StayClean+ and Aquasafe technology.

This special surface and edge protection makes sure your floor keeps its beauty year after year.

From soft light tones to warm dark nuances, there's a Pergo wood floor that's perfect for you.

They're easy to install too. With lifetime warranty you can enjoy everyday elegance that's a pleasure to see and a privilege to walk on for years to come.

STAYCLEAN

Makes your wood floor extra resistant to spills and dirt. Advanced protection that keeps your Pergo wood floor worry-free and hygienic.

AQUASAFE

AquaSafe technology keeps your floor 100% watertight. Harstena comes with a wet warranty up to 15 years**

LAYER ON LAYER

Treated with 7 layers of lacquer, our wood floors have excellent wear resistance.

EASY TO INSTALL

Fast, easy installation with Uniclic® click system. Just click in – then move in.

PERFECT FINISH

From faultless installation, to seamless finishing and easy maintenance of your beautiful new floor. Choose from our wide range of accessories.

* Tested according to ISO 4760 (no leakage).

** For full warranty conditions, go to Pergo.co.nz.

Without StayClean

STAYCLEAN PROTECTS YOUR FLOOR FROM SPILLS AND DIRT

StayClean is a unique protection that adds extra resistance to spills and prevents dirt from getting stuck in the joints and wood texture. StayClean keeps your Pergo wood floors looking their best year after year.

With StayClean

With StayClean

Without StayClean

Other, untreated, wood floors can be penetrated by dirt and water.

NOW WITH AQUASAFE TECHNOLOGY WORRY FREE & WATER RESISTANT WOOD FLOORS

Aquasafe technology is a new, revolutionary and advanced protection that keeps your Pergo wood Harstena floor worry-free. The surface is watertight – even if water is lying on the floor for up to 72 hours. So now you can safely install your floor in the kitchen or hallway, without fear of damage due to water infiltration.

With up to 170 rainy days a year in Scandinavia, we know a little something about keeping our floors water resistant. So don't worry about leaving the window open in the storm, that deep red wine stain from the party, or the dog coming home after playing in the rain.

Available on the Pergo Harstena collection

100% WATERTIGHT* FOR UP TO 72 HOURS

StayClean+ keeps all those liquids and stains at bay for longer, protecting the whole surface and edges of your floor and making the bevels watertight.

So your wood floors always look as bright and new as the day you installed them.

WET WARRANTY**

A 15-year wet warranty for floors with StayClean+ really does give you wood without worry.

* Tested according to ISO 4760 (no leakage). NZBC E3 Alternative Documentation available on request

** For full warranty conditions go to Pergo.co.nz.

OUR AMBITIOUS CLIMATE
TARGETS FOR 2030 ARE
VALIDATED BY THE SCIENCE
BASED TARGETS INITIATIVE.

DURABLE. NATURALLY.

We produce flooring as sustainable as possible, constantly innovating to minimize the potential impact on our planet. Therefore, we (Unilin Group) have linked ourselves to the Science Based Targets Initiative*. Our set and verified climate targets for 2030 put us firmly on the path to help limit global warming to 1.5°C, as outlined by the Paris Agreement. As the inventors of laminate flooring, we're proud to be the first producer to receive the Nordic Swan label and EU Ecolabel for a floor.

TREATING TREES WITH CARE

Our wood flooring is beautiful, easy to care for, and engineered for maximum environmental friendliness. We have a responsibility to produce it as sustainable as possible so we can continue to enjoy beautiful things from our planet.

Trees help us combat climate change by absorbing CO² and stimulating biodiversity. We use wood from fast-growing trees or high-density fibreboard made of recovered wood for the core of our wood floors. We only use slow-growing trees like oak for the top layers of our wood floors.

SUSTAINABLY MANAGED FORESTS

Our wood floors carry the PEFC label, the most trusted certificate in sustainable sourcing. This guarantees our wood comes from sustainable managed forests and controlled sources. So we're sure our wood sourcing doesn't contribute to deforestation.

CLEAN AIR INDOORS

We spend lots of time indoors, and there are many things that influence air quality, like ventilation, cleaning agents, candles, and even your furnishing materials and flooring. We produce flooring in-house so we know exactly which materials are involved and we can control emissions of harmful substances. Thanks to the Uniclic click system, you don't need any adhesives.

MINIMAL VOC EMISSION

We work to minimize VOC (Volatile Organic Compound) emissions. Formaldehyde is a VOC that's found in flooring. Formaldehyde emissions in our wood flooring is negligible and much lower than EU restrictions, so there's no risk for you or your family.

GREEN ENERGY PRODUCTION

Unilin, the group behind Pergo, has invested in green energy for many years. Today we are operating at 60% renewable energy thanks to windmills, solar panels and even two co-owned biomass plants.

* Information sur le niveau d'émission de substances volatiles dans l'air intérieur, présentant un risque de toxicité par inhalation, sur une échelle de classe allant de A+ (très faibles émissions) à C (fortes émissions).

* Information sur le niveau d'émission de substances volatiles dans l'air intérieur, présentant un risque de toxicité par inhalation, sur une échelle de classe allant de A+ (très faibles émissions) à C (fortes émissions).

* The Science Based Targets initiative (SBTi) is a collaboration between CDP, the United Nations Global Compact, World Resources Institute (WRI) and the Worldwide Fund for Nature (WWF). The SBTi defines and promotes best practice in science-based target setting, and independently assesses and validates companies' climate targets.

OUR COLLECTIONS

Scandinavian never goes out of style. Same goes for functional design. Our complete range of Pergo wood floors delivers just that. From a long, clean selected grade of timber in Gotland to a versatile board that can go into wet areas with Harstena

All our wood floors are extremely well covered for everyday life, but our Harstena floors are covered with new StayClean+ and Aquasafe technology that gives you that extra protection.

Transform the feeling of your entire room.
Make it wider, narrower, longer,
darker or lighter by the planks you use
– the options are endless.

GOTLAND 2200* × 190 mm
HARSTENA 2200* × 165 mm

** We go to great lengths to help nature.
Wood is a natural resource, and we harvest wood as naturally and with as little environmental harm as possible. Which is why the lengths of our wood planks sometimes vary. Check with your Pergo supplier which length is currently available.*

Boxes can contain nested lengths (some shorter planks to make up the full length).

16 GOTLAND
Wider! Longer!
A spectacular format

26 HARSTENA
NEW: Long, watertight wood planks
with 4-way bevel that add that classy
look in your home.

WHICH PERGO WOOD FLOOR IS JUST RIGHT FOR YOU?

Wood offers a wide variety of natural looks and beauty – that are made even wider by adding different surface treatments and finishes. Browse around and choose between the different options to find the floor that’s right for you.

Once you’re done, why not pop around to your nearest dealer to see your new floor first-hand? Find your nearest Pergo supplier on Pergo.co.nz.

BEVELS

Bevels define each individual plank, creating the feeling of an authentic wood floor. Our collection features designs with bevels on the longest sides or on all four sides of the plank.

4-WAY BEVEL (HARSTENA)

2-WAY BEVEL (GOTLAND)

GRADING

Each tree is unique. Even different parts of the same tree produce different appearances. Knots and grains that define and add character. That’s why we’ve developed a grading system to help you find the floor you want.

SELECTED

Wood with small knots and a natural variation in colour and structure.

ACCENT

Wood with medium knots and a pronounced variation in colour and structure.

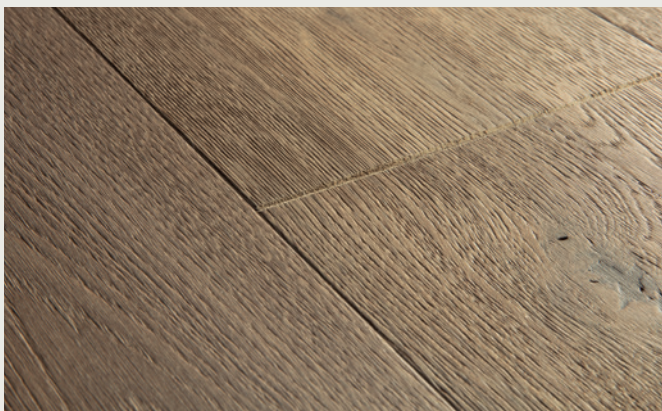

LIVELY

Wood with large knots and cracks and a lively variation in colour and structure. More rustic.

Our classification system divides our wide range of floors into different categories: Selected, accent and lively. Even though each plank is unique, this will give you an idea of what your floor might look like in the end.

STRUCTURE

What wood would you like? wood floors feature a deep brushed structure to perfectly compliment style of any home.

DEEP BRUSHED

The wood surface is treated with special brushes down the soft parts of the wood. Deep brushing enhances the natural wood feel.

FINISH

You can install all our floors with no extra surface treatment. Our lacquers meet strict international emission norms, so you can enjoy the durability your wood flooring knowing that it was made with respect for the environment.

EXTRA MATT LACQUER

Our extra matt lacquer gives you the look of untreated wood with the performance and low-maintenance of lacquer.

YOUR FLOOR – FINISHED IN STYLE

Choose from our wide range of accessories to give your interior that perfectly finished look. From seamless transitions to stairs or walls or silent underlays to improve your comfort. Details make perfection.

UNDERLAYS

CHOOSE THE UNDERLAY THAT’S RIGHT FOR YOU.

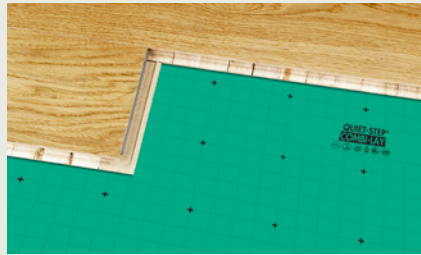

Decide where you want to install the underlay. Our underlays give you excellent sound insulation. Walking sound reduction shows you how much sound is reduced in the room. Impact sound reduction indicates how much sound is reduced to the rooms below.

COMBI-LAY STANDARD
Combi-Lay Standard is no normal underlay. The dense, closed cell polyolefin foam provides excellent support, with good reduction of both reflected and impact noise.

20/50m² roll Thickness 2mm
C-LAY20FS; C-LAY50FS

Walking sound reduction ●●●○○
Impact sound reduction ●●●●○○

QUIET-STEP COMBI-LAY
Quiet-Step Combi-Lay is the first choice where a quiet step sound and maximum reduction in multi-storey noise is required. This high density underlay has no match when it comes to reducing foot fall noise, with a reduction of up to 30% over standard underlays.

20/50m² roll Thickness 2mm
QSC-LAY20FS; QSC-LAY50FS

Walking sound reduction ●●●●○○
Impact sound reduction ●●●○○○

WATER RESISTANCE MADE EASY

Installing Pergo Harstena floor is really easy, follow the steps below and get your wood floors ready for splashes, damp and the kids’ indoor water games.

TWO STEPS TO GIVE YOUR FLOORS A WATERTIGHT FINISH.

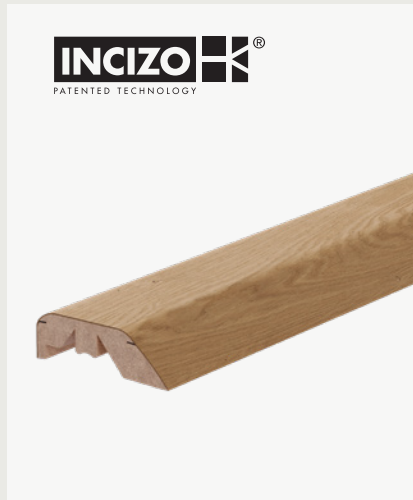

1. FOAMSTRIP
20 × 1 m × Ø 10 mm
An elastic filler for gaps around the floor perimeter.
NEFOAMSTRIP20

2. AQUA SEALANT
310 ml
Transparent silicone to combine with the Foamstrip for a watertight finish of your floor. One tube seals 15 m.
QSKITTRANSP

FIND THE RIGHT FLOOR FOR YOUR PROJECT

Choosing the right floor is often the hardest part of refreshing your interior. Here are some tips to get you started, and help guide you towards the perfect floor.

PREPARE FOR WEAR

Our durable, hard-wearing floors stay beautiful for longer. They are the ideal choice for a busy hallway or kitchen.

LET'S TALK ABOUT WATER

A water resistant floor is nice to have in a living room. But in the kitchen it's a must. Our water resistant floors are also stain resistant.

SIZE MATTERS

Large boards boost the feeling of space in a large room, so if your home allows for it, go big.

THE FINISHING TOUCH

Accessories have a big impact on the look of your room. Choosing a matching profile makes your room feel complete and lends a solid impression.

USE FLOORLAB

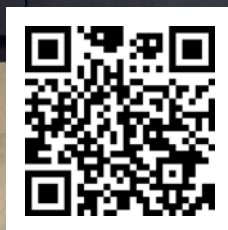

Want more from your floor? Use the FloorLab app. Take a photo of your home and get a sneak peek of which one of our floors is the perfect match for your room. Getting the perfect fit just got simple.

VISIT A PERGO SUPPLIER

To see and feel the floors in real life, please go to our website to find your nearest local Pergo supplier.

TRY FLOORLAB

SEE HOW A FLOOR CAN CHANGE THE APPEARANCE OF YOUR HOME JUST BY UPLOADING A PHOTO.
