timber flooring

# WOOD FOR LIFE: TIMBER THAT CAN HANDLE YOUR *lifestyle*

## Quick-Step Timber with Wood for Life

Live life to the fullest. Our durable floors are made for bathtime fun with your kids, dinners with friends, and playtime with your pet.

### 1. EASY-TO-CLEAN SURFACE

Your floors will never look dirty or dark. Thanks to our Surface & Edge Protect technology the timber is protected from water, making it easy to clean. Dirt and liquids won't stick to the timber!

### 2. NO DARK JOINTS

The unique hydro repellent technology is applied to the timber joints, ensuring the pores of the timber remain clean and untouched from outside dirt and liquid.

### 3. NO WATER INFILTRATION

Enjoy our new and improved click design, which ensures a tight fit on all sides. On top of that, the Hydroseal coating stops all water from leaking through and causing damage to the bottom of your floor.

Boxes can contain some shorter boards to make up the full length. These can be used at the start or end of a row, leaving the full board lengths for the centre. It also improves sustainability by allowing us to make full use of the tree.

# WOOD

# FOR

*My*  
LIFE

## FOR ALL LIFESTYLES

To make sure you enjoy your home with as few worries as possible, we developed the Wood for Life advantage. No more dirt or moisture will get into the edges or grain of your timber floor, nor will it leave stains. Your timber floor is protected in so many different ways, it will easily keep its authentic look. Try a timber floor that's just as practical as it is beautiful to behold.

## ENJOY YOUR WORRY-FREE AND WATERPROOF FLOOR WITH AMATO

Amato is the only authentic timber floor that is watertight. Imagine real timber with a completely waterproof surface in every room of your home (yes, that includes the kitchen and bathroom). It's easy as 1-2-3 and extremely durable.

No stress. Simply enjoy your Wood for Life.

AMT3859

- ✓ High quality lacquer finish
- ✓ Solid hardwood face layer
- ✓ High Density Fibreboard
- ✓ Plantation Nordic spruce backing

## VIBRANT GRADING (OAK)

Lively colour variation with big knots and cracks for a floor full of character.

## 2-SIDED BEVEL

Featuring grooves on the two long sides of the board to accentuate the width and create a continuous, lengthy appearance.

## AS2796 (AUSTRALIAN SPECIES)

Varieties are graded as per AS2796 Standard and Better.

This grade includes knots, gum veins, fine cracks and other natural features of Australian Eucalypts.
